# Why do I need a family photoshoot?

People choose to buy a family portrait for a variety of reasons. Often it's to mark a moment or milestone in a family's journey.

**1:** You have a new child and your current family photographs are now out of date. Families grow and you want to record the journey and tell your family story.

**2:** Your children have reached a milestone. They are leaving nursery, starting a new school, beginning university or are leaving home. This often highlights how much things have changed.

**3:** You want to do something for your parents. Perhaps a photographic gift of their grandchildren or bring everyone together for a generational photograph.

**4:** Sometime families live in different parts of the country and a family get together is a great opportunity for a family portrait.

# How much will a photoshoot cost me?

We want to be clear and honest about our prices and give you great value.

# Who can I bring to my family photoshoot?

**This may seem like an obvious question. “You bring your family, don’t you?”**

**But we are often asked, “how many people can we bring?”**

**Our record in the studio is 38 members of the one family. So you choose who many of your family members you would like to bring.**

**Typically, we see a mum, dad and kids. But often, people choose to make it a real family affair and invite nans, grandads, uncles and aunts.**

## Can I bring my pet?

**Yes of course! Pets are part of the family and we welcome them all.**

**The studio has air conditioning so we can keep it cool for their comfort.**

# About Us

We are George and Steve Reid. We've been running Blitz Photography in the heart of Gosport for 10 years. We live Gosport with our two teenage children. We began Blitz when our children were little so we could have more control of our work life balance. We've done this and found jobs we really love.

We really enjoy having clients in our studio and we've worked hard to make sure each visit is a great experience for everyone who comes. Families we photograph are just like us. Working hard to give their children what they deserve and capture cherished moments with us before they slip away.

Brilliant atmosphere and friendly family run service. My son is terrified of having his picture taken and the gentleman was nothing but kind and patient with him. Prices are not over the top and by looking at their award winning pictures on display you are definitely grabbing a bargain. Would recommend definitely.

So friendly, was very clear about what was going to happen. They kept my 1 year old daughter very occupied which made the photoshoot a great experience and the photos were absolutely beautiful so had to get all of them.

As always an amazing and enjoyable experience at Blitz. Steve made sure all 3 kids were happy and listened to. He puts such an effort into his work and it shows in the end project. He is patient with children which makes for a happy enjoyable shoot. I 100% recommend Blitz for all occasions!

Steve is a brilliant photographer, he really captured our family spirit, especially our 4 year old son, who at first wasn't playing ball, he eased all of us into it, and this was definitely out of our comfort zone. My wife was pregnant with our son when she was diagnosed with breast cancer, so the first year of being a family of 3 was tough due to treatment, my wife is almost 5 year in the clear so we wanted to celebrate a milestone with this family shoot which we always wanted to do. And we both shed a tear when the photos came back. They were really welcoming, and we'll definitely come back soon for another family shoot. Thanks to Steve and his wife!

I had some portrait pictures taken at Blitz for Christmas for my parents. Great service, quick despite being a busy time of year for the Team, and fantastic results. We loved the pictures and they have made excellent gifts. This is the second time we have used Blitz, would definitely use again and strongly recommend them too.

The best thing about Blitz is that Steve really listened to what we wanted from the shoot and made sure we got the photos we really wanted. We had a couple of nervous purple as well as a 3yr old, but Steve put everyone at ease and this resulted in some amazing photos. Was great experience and the quality really shone through!
